MORE RANDOM PICTURES, FROM #2 TO #7 NOW. → I have been enjoying taking some pictures of myself (hey!) while seeing the Marketing Experiment work in regard of getting people's attention. Here are some more random pictures I took: [Random Picture #2](#); [Random Picture #3](#); [Random Picture #4](#), [Random Picture #5](#), [Random Picture #6](#) and [Random Picture #7](#). Sometimes you have to turn every single digital asset into a marketing force. If you like the way you look, I recommend you to start uploading pictures of yourself into your company website. It'll help customers connect with you faster (the ones that matter at least) because you only want to connect with people who are like-minded as same as you. GOD BLESS.
