**RANDOM VIDEOS #1: ANOTHER MARKETING MOVE TO EXPLODE ON THE INTERNET** → After publishing Random Pictures, I was thinking about the same but with videos. There's a reason why (at the time you're reading this) there are no videos on PETERSONTEIXEIRA.COM. The reason: It must be done professionally. And the ideas I have require a certain amount of resources. Anyways, here's me being recorded doing the last two reps of triceps training at the gym: [Random Video #1](#). That's a cheap shot. I can do much better than this. And maybe add 5 more kilos. In the near future more random videos will come. And also some professional-grade videos about Marketing, Business and Coaching. Take care.
