MARKET FACT #103

88%

of the Trading Volume is currently done in US Dollars. While the remaining rest, 30% is done in EUROS.

DATE: November 20, 2023

COMMENT: Furthermore, 17% is done in Japanese Yen; 13% is done in British Pounds; And 7% is done in Chinese Yuan. The only Communist Nation is catching up to its Western adversaries bringing the Yuan to new levels of Trade. This shows the strength of China in taking over all kinds of leaderships and proving to be a moving force in the near future.
