COMMENT: China is dominating attention for those in the business world and for those in governments. Hard fact: 21 out of the 33 Latin American & Caribbean countries have formally signed up for the Belt and Road Initiative (BRI). **Some countries that are not part of the BRI have stronger ties, receiving significant loans and investments from China**, while countries that have signed up for the BRI are not the center of the chinese investors. **Therefore, DESPITE not being part of the Belt and Road Initiative, a country may have ties with China.** So how WIDE are the chinese tentacles in the Modern World?
