MARKET FACT #129

123

CHINESE LOANS were distributed to Brazil, Ecuador and Venezuela in recent years by China, totalling **\$136 BILLION** dollars (since 2005).

DATE: November 30, 2023

COMMENT: China once again hits The Market Facts because a notable absurd amount of LOANS were made to 3 South American countries: Brazil, Ecuador and Venezuela. Chinese loans usually come with conditions such as having to hire CHINESE INFRASTRUCTURE FIRMS (controlling demand and supply) to countries that take those loans. Not to mention that they're usually in YUAN (the chinese currency) and not dollars. **All loans are obviously with strategic positioning for China's communist agenda goals. REMEMBER THAT.**
