MARKET FACT #158

7%

is the amount of U.S. bonds held by China and Japan today. A decade ago they held more than 22%.

DATE: December 22, 2023

COMMENT: To understand how WAR works you need to understand business. That's the ideal world. Because businesses provide goods and services in a nation. And a nation has ways to say to The Market that they're producing, which in turn draws the attention of foreign investors. This stat shows how much confidence China and Japan are now putting in themselves rather than the USA. Apparently, much has changed. A decade gives us Data that shows new business decisions and a considerable shift in strategic thinking of NATIONS which impacts other nations and global markets as a whole. Both countries have grown a lot on their own. The USA is not that necessary anymore.

A MESSAGE FOR BRANDS
