MARKET FACT #186

\$25

per WEEK is how much Waste Pickers currently make in Indonesia where 1300 garbage trucks arrive every day.

DATE: January 8, 2024

COMMENT: Furthermore, [women over their 60s are making only \\$2 per day selling small pieces of rusted scrap metal from ships](#). Globally, trash pickers outnumber official waste collectors 4 to 1. And many waste pickers are children and teenagers. This is for those who don't have perspective on how many Waste Pickers the world holds (20 MILLION), and how grave are the living conditions of these people. [In Delhi, India, many \(50,000\) dig through trash every single day looking for eletronic waste](#) (cellphones, computers etc) to survive. That's the life.
