MARKET FACT #202

12%

of the WORLD'S TRADE passes through the Red Sea, a “crucial waterway” linking the Mediterranean to the Indian Ocean.

DATE: January 15, 2024

COMMENT: One more thing, just another interesting fact for you to learn more: **“About 90% of world trade is carried by the international shipping industry. Without shipping, the import/export of affordable food and goods would not be possible – half the world would starve and the other half would freeze!” –**

SOURCE: [International Chamber of Shipping \(ICS\)](#). *OBS: The ICS represents the world's national shipowner associations, and over 80% of the world merchant fleet, for those who don't know.*
