MARKET FACT #228

70%

**of ALL INTERNET TRAFFIC was
already going through websites and
services operated by either Google
or Facebook in 2017.**

DATE: January 25, 2024

COMMENT: This is something important to bring back to life again for people:
THE DUOPOLY – Google & Facebook. Today, the free Internet is under serious
attack because such corporations don't represent Capitalism anymore, but
criminal monopolies that "control" information and act as surveillance systems for
the government. No company is able to go this far without forming alliances with
the criminal side of the government. Facebook and Google now have direct
influence over nearly 3/4 of all internet traffic, meaning the end of the open web.
