MARKET FACT #235

1000

**individuals are known as the
Bitcoin WHALES, who own 40% of
ALL bitcoin available.**

DATE: January 30, 2024

COMMENT: There are those who think that new solutions against criminal banks and the criminal government are not persecuted (seriously?!). This is a pure example of that. How just 1000 individuals “locked” down 40% of ALL bitcoin by holding them indefinitely. But there’s more: Market Manipulation (yes, again!). Just like banks and governments do. Here’s Bloomberg: “What’s more, the whales can coordinate their moves or preview them to a select few. Many of the large owners have known one another for years and stuck by bitcoin through the early days when it was derided, and they can potentially band together to tank or prop up the market.” – SOURCE: [Bloomberg](#). Something “old” worth resharing.
