BILLIONAIRES left China in the years of 2022 and 2023. The Exodus of big money leaving China is real.

DATE: February 4, 2024

COMMENT: This will likely be the 1st Market Facts card that doesn't need any additional evidence. There's only a few more links to add: [13K millionaires left China in 2023 and 10,800 in 2022](#). Then you have [\\$52 billion in CHINESE LOANS that were forced to renegotiate between 2021 and 2022 by Chinese policy banks](#) because loans were not being paid back nor turning a profit. Then you have the chinese people saving their money and not spending on goods and services, and [not being able to buy a home \(!\)](#). And what is the future? More truth: [1 in 5 existing jobs in China could be cut in the next 20 years](#). Where's China going after all these crises combined?!
