**jobs were cut by Macy's recently
and five of its stores were closed.**

DATE: February 24, 2024

COMMENT: I know this subject is a lot for entrepreneurs and founders out there but it's a necessary evil to mention as this is additional evidence that there's no hiding the collateral of The Global Financial Crisis that began in 2019. Here's more from the source in case you care about the number of overall stores:

"Macy's has 723 locations across the country, as of Oct. 28, the end of the most recently reported quarter. The majority of those — roughly 500 — are its namesake stores, followed by 158 Bluemercury stores and 56 Bloomingdale's stores." – SOURCE: [CNBC](#). Remember: [layoffs happening in SEVERAL industries show another story](#). A serious economic reality to face now. Certain data points don't matter. Read the data between the lines.
