MARKET FACT #312

70%

of Taiwan's FOOD is imported.

Additionally, 97% of its ENERGY is also imported (!).

DATE: August 30, 2024

COMMENT: Whenever you read Taiwan vs China remember this stat because a blockade from China could seriously hinder the country. There's little hope if China decides to go "all-in" against Taiwan. Another important point worth sharing is this: Taiwan has LESS than 2 months of coal and natural gas reserves for electricity generation, 6 months of crude oil reserves and 6 months of food stockpiles (CSIS – Center for Strategic International Studies). Finally, some experts believe that China could hold major military ops against Taiwan for at least 6 months as well.
