MARKET FACT #346

400M

**by 2035 is the new number of
CHINESE people over 60 years old
in the country. A rise from 280
million.**

DATE: September 17, 2024

COMMENT: China's population is aging and its workforce is hostage of youngsters who don't want to have kids. By having [400 MILLION people aged 60 and older it will have the COMBINED population of the U.S.A and Britain](#). By 2100 (although that's distant years), a striking 46% of China's population will be of aged workers. As the source says: "These trends are putting immense [pressure on the pension system](#), with the [ratio of workers to retirees decreasing from 5-to-1 a decade ago to a projected 2-to-1 by 2050](#)".
