## MARKET FACT #388

# 48%

**of active pharmaceuticals in the  
USA are IMPORTED from India.**

**DATE:** October 2, 2024

**COMMENT:** This is related to the Dockworkers strike. Here's a big heads up: "First week, it will be all over the news — boom, boom, boom. Second week, guys who sell cars can't sell cars because the cars ain't coming in off the ships. They get laid off. Third week, malls start closing down. They can't get the goods from China. They can't sell clothes. They can't do this. Everything in the United States comes on on a ship. They go out of business. Construction workers get laid off because the materials aren't coming . The steel i s not coming in. The lumber is not coming in. They lose their jobs. Everybody is hating the Longshoremen now because now they realize how important our jobs are now."
