MARKET FACT #49

\$33T

**dollars is the gigantic amount of US
government DEBT**

DATE: September 21, 2023

COMMENT: This is something for those who see things clearly. For perspective, [in 2022 the real GDP of the United States was almost 19 trillion dollars](#). That means what the U.S. is producing is not matching its bills. **Additionally, tax revenues fell to \$670 billion and interest payments spiked to \$242 billion.** The famous 1st World country that is the home of the BIG TECHS, is facing the worst revival of inflation in the last 40 years.
